Enabling your workforce with the right communication tools empowers them to accomplish more, and can make all the difference to your bottom line. Simply put, Motorola two-way radios are the answer to everything from clearer communication and easier usage, to the uninterrupted performance on the job†. Find ergonomic design, crisp audio quality and long-lasting battery life in all of Motorola's business models. Additionally, all of our radios are narrowband compliant.

†COVERAGE MAY VARY BASED ON TERRAIN AND CONDITIONS

CLP SERIES RADIOS: The CLP's small, unobtrusive design packs a big punch in a lightweight, palm-sized package and offers the most reliable communications in even the noisiest of environments. The CLP 1060/63 six-channel radios are Bluetooth™ capable. The CLP single- and four-channel models feature wired headphones. All CLP radios bring a choice of 90 UHF business-exclusive frequencies. They are easily operable and come standard with push-to-talk functionality and an extended battery life. These radios meet military standards for shock, vibration, temperature and antimicrobial protection.

CLS SERIES RADIOS: Rely on impressive coverage capability in this compact radio. It operates on 56 business-exclusive frequencies and includes a coverage range of up to 200,000 square feet, or the equivalent of 15 floors, with the choice of either single- or four-channel models. Intuitive and user friendly, the CLS' streamlined design is fronted by a crystal-clear LCD display. The CLS (Clear, Light, Simple) Series meets military standards for shock, vibration, temperature and antimicrobial protection.

RD SERIES RADIOS: Introduce your workers to the perfect business partner that will make any workplace environment more productive for them and more profitable for you. Not even the harshest job-site conditions stop the affordable, easy to use RD on-site business radio. Enhanced wattage extends coverage to up to 30 floors/350,000 square feet (4/5 Watt radio models). Its outstanding industrial design features a heavy-duty metal body that meets military standards for shock, vibration, water, dust and temperature, and protects its premium performance: exceptional audio quality, easy programming of frequencies and radio settings, advanced voice activation, flexible battery life solutions, and easy cloning.

RM SERIES RADIOS: Empowering your workforce with a reliable, long-lasting audio solution is the hallmark of the RM Series. Capable of customizing channels per radio via voice alias, the RM has a coverage range of up to 250,000 square feet (20 floors) and can operate on either four or eight channels, across each UHF, VHF and MURS frequency. Count on up to 12-hour battery life without the Battery Save feature and up to 15-hour battery life with the Battery Save feature. The RM Series radios meet military standards for shock, vibration, water, dust, temperature and antimicrobial protection.
